Candlestick Analysis Technician

Westchase Marriott

The Candlestick Analysis Technician is a designation awarded to serious traders for successful completion of Stephen Bigalow's comprehensive workshop. Personally developed by Stephen to provide technical analysis training, specializing in Japanese Candlesticks. Combine the power of Candlestick Precision with other technical indicators for a profitable trading strategy.

We invite all seminar participants to join us Friday evening for a Cocktail Reception. We hope you arrive in time to meet your fellow traders that form our Candlestick Community.

Once again, we have chosen the Westchase Marriott to hold our event. Located in the rapidly growing Westchase Business District in West Houston, within minutes of the Uptown Galleria shopping district.

See you in Texas!

Hotel accommodations are not included in the seminar. For reservations, Contact Becky at 713-735-2714 and tell her you are with the Candlestick Forum Group.
